

M. 1. 15

RE Burning of scrub

15/4/15  
Cork

I suggest change of date to  
15 April  
as march is the only month land is  
dry enough to Burn

Make Burning Part of Farm  
management

If Area is under 14to no  
contacting garda or Firebrigade,  
Burning is the only means of  
getting rid of scrub in hill or  
upland Areas

Farmers are afraid to Burn  
under the Present Rules  
and have suffered severe Penalties  
from dept Agriculture on their Yacmen  
rs

yours
