To whom it may concern,

My name is [REDACTED], I live in Rush Co.Dublin. I'm currently 5 months pregnant and have a 19month old son. Due to the increased noise level coming from the seagulls each morning, our sleep has been greatly interrupted. This is extremely stressful as you can imagine, my days are busy, I need a good nights rest as does my young child. Another concern of mine is the poop from the seagulls, my son plays in our garden. There has been many times he has got his hands and clothes dirty from what the seagulls have left. Also before I went on my maternity leave in 2019, I worked in lusk. Every morning on my way to work, early in the morning, the playing field outside the creche I worked in had over a hundred seagulls on it. This is a massive worry. Your help in this issue would be greatly appreciated.

Kind regards

[REDACTED]
