**Derogation Number
DER-BAT-2026-146 (amended)**

**EUROPEAN COMMUNITIES (BIRDS AND NATURAL HABITATS) REGULATIONS, 2011
(S.I. No 477 of 2011)**

DEROGATION

Granted under Regulation 54 of the European Communities (Birds and Natural Habitats) Regulations 2011, hereinafter referred to as “the Habitats Regulations”.

The Minister for Housing, Local Government & Heritage, in exercise of the powers conferred on him by Regulation 54 of the Habitats Regulations hereby grants to **Mai McMahon of Crescent House Ltd., 71 O’Connell Street, Limerick, County Limerick, V94 KFD3** a derogation. It is stated that this derogation is issued:

- A. In the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment
- B. As there is no satisfactory alternative, and the action authorised by this derogation will not be detrimental to the maintenance of the population of **bats** referred to below at a favourable conservation status in their natural range.

This derogation authorises the following:

1. Roost disturbance
2. Actions authorised within the derogation

The derogation is issued in respect of the following **bat species**:

- **Lesser Horseshoe Bat** **Rhinolophus Hipposideros**
- **Common Pipistrelle** **Pipistrellus Pipistrellus**
- **Soprano Pipistrelle** **Pipistrellus Pygmaeus**

Terms and Conditions

1. This derogation is granted solely to allow the activities specified in connection with the works located at **Former Shannon Shamrock, Hotel, Bunratty, County Clare** for **Mai McMahon**
2. All activities authorised by this derogation, and all equipment used in connection herewith, shall be carried out, constructed and maintained (as the case may be) so as to avoid unnecessary injury or distress to any species of **BAT**. Anything done other than in accordance with the terms of this derogation may constitute an offence
3. This derogation may be modified or revoked, for stated reasons, at any time. In addition, the Minister reserves the right to revoke the derogation where updated information indicates that the basis upon which the derogation was granted has materially changed.
4. The mitigation measures outlined in the application report (**Derogation Licence – Supporting Information Former Shannon Shamrock Hotel, Bunratty, Co. Clare**) together with any changes or clarification agreed in correspondence between NPWS and the agent or applicant, are to be carried out. Strict adherence must be paid to all the proposed measures in the application.
5. The actions which this derogation authorise shall be completed between **5th March – 31st December 2026, inclusive**.
6. The works will be supervised by bat ecologist(s): **Gavin Fennessy**
7. If this derogation addresses works that are subject of a planning application, no such works permitted under this derogation can occur until planning permission is granted.
8. If this derogation expires prior to works permitted under this derogation commencing, a new application must be sought in advance, including the provision of any updated data or reports.
9. This derogation shall be produced for inspection on a request being made on that behalf by a member of An Garda Síochána or an authorised NPWS officer appointed under Regulation 4 of the Habitats Regulations.
10. The local **NPWS District Conservation Officer – David Lyons**, davida.lyons@npws.gov.ie, must be contacted prior to the commencement of any activity, and if bats are detected on site during the course of the work, under the terms of this derogation.
11. On completion of the actions which this derogation authorises, all recordings of bat species affected will be made using the standardised Returns form and must be submitted to the NPWS **within four weeks of the expiry date of this derogation**. Included with the Returns form, a report will also be submitted to wildlife.reports@npws.gov.ie detailing results of works and success of mitigation. **Both documents must be submitted to constitute a derogation return.**

Derogation Assessment

Name of Applicant: Mai McMahon

Location/Name of Project: Former Shannon Shamrock Hotel, Bunratty, County Clare

Tick the following prohibition as chosen on the application:

(a) Deliberately capture or kill any specimen of the relevant species in the wild	<input type="checkbox"/>
(b) Deliberately disturb these species particularly during the period of breeding, rearing, hibernation and migration	<input checked="" type="checkbox"/>
(c) Deliberately take or destroy eggs of the relevant species in the wild	<input type="checkbox"/>
(d) Damage or destroy a breeding or resting place of such an animal, or	<input type="checkbox"/>
(e) Keep, transport, sell, exchange, offer for sale or offer for exchange any specimen of the relevant species taken in the wild, other than those taken legally as referred to in Article 12(2) of the Habitats Directive.	<input type="checkbox"/>
(a) Deliberately pick, collect, cut, uproot or destroy any specimen of these species in the wild, or	<input type="checkbox"/>
(b) Keep, transport, sell, exchange, offer for sale or offer for exchange any specimen of these species taken in the wild, other than those taken legally as referred to in Article 13(1)(b) of the Habitats Directive.	<input type="checkbox"/>

Test 1: A reason(s) listed in Regulation 54 (a)-(e) applies to the proposed activity

i. Tick which reason the applicant claims should be applied to the derogation

(a) In the interests of protecting wild flora and fauna and conserving natural habitats,	<input type="checkbox"/>
(b) To prevent serious damage, in particular to crops, livestock, forests, fisheries and water and other types of property	<input type="checkbox"/>
(c) In the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment,	<input checked="" type="checkbox"/>
(d) For the purpose of research and education, of re-populating and re-introducing these species and for the breeding operations necessary for these purposes, including artificial propagation of plants, or	<input type="checkbox"/>
(e) To allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species to the extent specified therein, which are referred to in the First Schedule.	<input type="checkbox"/>

ii. Test 1: Conclusion

Please tick the following where it applies:

There is a valid reason(s) listed in Regulation 54 (a)-(e) which applies to the proposed activity:	Yes	<input checked="" type="checkbox"/>
	No	<input type="checkbox"/>

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion:

The application form and associated documentation provided by the applicant has been reviewed in full. The application relies on regulation 54(2)(c) *'in the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment'* as the reason chosen for a derogation that they believe applies to the proposed activity.

In the detail provided, it is clear that the applicants are relying on the imperative reasons of overriding public interest, including those of a social or economic nature aspect of Reason C. As outlined on page one of the accompanying report titled "App Report Form", a derogation is required for proposed works at the Former Shannon Shamrock Hotel, Bunratty, Co. Clare.

The objective of the works involves the demolition of the hotel, noted as derelict and ancillary buildings to provide a large mixed scale residential development including retail and office units. The proposed development will assist in contributing to local and national housing needs. The construction of the development alongside the retail and office units will provide employment and economic benefits to the area.

The applicant has provided evidence as to the nature and scale of the public interest including those of a social or economic nature for the proposed works and the proposed activity is necessary to achieve these overall objectives. Based on the above this application has passed Test 1 and can now proceed to Test 2. |

Test 2: Absence of a satisfactory alternative

Please tick the following where it applies and add a comment below to support the recommendation:

The applicant has provided satisfactory evidence that alternative solutions have been considered and have given reasons why the proposed approach is the only satisfactory alternative:	Yes	<input checked="" type="checkbox"/>
	No	<input type="checkbox"/>

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion (If you wish to add additional conditions please complete pg. 6):

The documentation submitted by the applicant has been reviewed, including the evidence for alternative solutions.

The purpose of the derogation is to allow the demolition of a derelict hotel and construction of a housing development.

The specific situation that needs to be addressed is the demolition and reconstruction will result in the loss of a roosting location for Lesser Horseshoe and Pipistrelle Species Bats.

The alternative solutions suggested by the applicant are:

1. “Do-Nothing” scenario – *“In the absence of a plan for the derelict hotel it would predictably fall into further disrepair. This is not a satisfactory alternative. The roost potential of the site would diminish and eventually be lost and given the current state of much of the structure this process is likely to take a short number of years”* - **This assessment is accepted by Regional staff**

2. Alternative 1: *“Try to refurbish or repurpose the existing structure. This was examined as an option and indeed was a preferred option for the site back in 2017. However, in the interim the building has deteriorated to an extent that it would not be considered feasible to refurbish the structure. There is no way to refurbish a building in this condition without also destroying/disturbing the bat roosts that currently exist there, so this is also not a viable alternative. This is not a satisfactory alternative, as the majority of the materials in the building are rotten and damaged and unsuitable for habitation”* – **This assessment is accepted by Regional staff.**

The applicant has provided satisfactory evidence that alternative solutions have clearly been considered. As outlined on page 21 of the accompanying report. Two alternative solutions, including the “do-nothing alternative” were examined by the applicant.

Based on the assessment of the application documentation, it is regarded that the applicant has considered all available alternative solutions and at this time no other alternative solutions are apparent.

Having weighed the possible solutions to solve the applicant’s problem against the effects of a derogation on the species concerned, it is concluded that the application has passed Test 2 and can proceed to Test 3

Upon completion of your assessment, please return this Recommendation to WLU to continue the application process.

Test 3: Impact of a derogation on conservation status of the species

Please tick the following where it applies and add a comment below to support the recommendation:

The derogation would NOT be detrimental to the maintenance of the populations of the species in question at a favourable conservation status in their natural range.	Yes	<input checked="" type="checkbox"/>
	No	<input type="checkbox"/>

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion. (If you wish to add additional conditions please complete pg. 6)

The bat roosts in question are a minor summer day roost of Lesser Horseshoe Bat and a small number of Pipistrelles. Lesser Horseshoe Bat is in unfavourable conservation status nationally, while pipistrelles are in favourable conservation status.

Detailed mitigation measures are proposed including the provision of a purpose-built bat house, bat boxes, and bat sensitive lighting.

Provided the mitigation measures are implemented in full, the works will not be detrimental to the maintenance of the populations of the species in question at a favourable conservation status in their natural range.

If the answer above is Yes then the derogation may be granted, providing Tests 1 and 2 have also been met.

Upon completion of your assessment, please return this Recommendation to WLU to continue the application process.

Derogation decision

The application for a derogation under Regulation 54 of the European Communities (Birds and Natural Habitats) Regulations, 2011 (S.I. 477 of 2011), as amended, has been assessed by officials in the Department and the following decision has been made:

Tick box where appropriate:

There is no satisfactory alternative

and the derogation is not detrimental to the maintenance of the populations of the species to which the Habitats Directive relates at a favourable conservation status in their natural range.

Therefore, a derogation may be granted to the applicant, since it is—

(a) in the interests of protecting wild fauna and flora and conserving natural habitats

(b) to prevent serious damage, in particular to crops, livestock, forests, fisheries and water and other types of property,

(c) in the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment,

(d) for the purpose of research and education, of repopulating and re-introducing these species and for the breeding operations necessary for these purposes, including the artificial propagation of plants, or

(e) to allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species to the extent specified therein, which are referred to in the First Schedule.

OR This application has been refused as one or more of the conditions set out above have not been met

The following conditions should be attached to the derogation:

- 1.
- 2.
- 3.
- 4.

[add additional conditions where required]
