**Derogation Number
DER-BAT-2026-220**

**EUROPEAN COMMUNITIES (BIRDS AND NATURAL HABITATS) REGULATIONS, 2011
(S.I. No 477 of 2011)**

DEROGATION

Granted under Regulation 54 of the European Communities (Birds and Natural Habitats) Regulations 2011, hereinafter referred to as “the Habitats Regulations”.

The Minister for Housing, Local Government & Heritage, in exercise of the powers conferred on him by Regulation 54 of the Habitats Regulations hereby grants to **Fionn Murphy of Waterways Ireland, Somerview House, Carrick-on-Shannon, County Leitrim, N41 K5X7** a derogation. It is stated that this derogation is issued:

- A. In the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment
- B. As there is no satisfactory alternative, and the action authorised by this derogation will not be detrimental to the maintenance of the population of **bats** referred to below at a favourable conservation status in their natural range.

This derogation authorises the following:

1. Roost disturbance
2. Actions authorised within the derogation

The derogation is issued in respect of the following **bat species**:

- **Natterer’s Bat** **Myotis Nattereri**
- **Daubenton’s Bat** **Myotis Daubentonii**
- **Whiskered Bat** **Myotis Mystacinus**

Terms and Conditions

1. This derogation is granted solely to allow the activities specified in connection with the works located at **3.75 km corridor extending from the border crossing at Clonoony, County Monaghan in a north-easterly direction to the border crossing at Derrynure, County Fermanagh, Northern Ireland for Fionn Murphy**
2. All activities authorised by this derogation, and all equipment used in connection herewith, shall be carried out, constructed and maintained (as the case may be) so as to avoid unnecessary injury or distress to any species of **BAT**. Anything done other than in accordance with the terms of this derogation may constitute an offence
3. This derogation may be modified or revoked, for stated reasons, at any time. In addition, the Minister reserves the right to revoke the derogation where updated information indicates that the basis upon which the derogation was granted has materially changed.
4. The mitigation measures outlined in the application report (**Baseline Bat Report Ulster Canal Restoration**) together with any changes or clarification agreed in correspondence between NPWS and the agent or applicant, are to be carried out. Strict adherence must be paid to all the proposed measures in the application.
5. The actions which this derogation authorise shall be completed between **14th May – 31st December 2026, inclusive**.
6. The works will be supervised by bat ecologist(s): **Fionn Murphy & Daireann McDonnell with Otto Storan under supervision**
7. If this derogation addresses works that are subject of a planning application, no such works permitted under this derogation can occur until planning permission is granted.
8. If this derogation expires prior to works permitted under this derogation commencing, a new application must be sought in advance, including the provision of any updated data or reports.
9. This derogation shall be produced for inspection on a request being made on that behalf by a member of An Garda Síochána or an authorised NPWS officer appointed under Regulation 4 of the Habitats Regulations.
10. The local **NPWS Regional Manager – Andrew Egan Walsh**, Andrew.EganWalsh@npws.gov.ie, must be contacted prior to the commencement of any activity, and if bats are detected on site during the course of the work, under the terms of this derogation.
11. On completion of the actions which this derogation authorises, all recordings of bat species affected will be made using the standardised Returns form and must be submitted to the NPWS **within four weeks of the expiry date of this derogation**. Included with the Returns form, a report will also be submitted to wildlife.reports@npws.gov.ie detailing results of works and success of mitigation. **Both documents must be submitted to constitute a derogation return.**

Derogation Assessment

Name of Applicant: Fionn Murphy

Location/Name of Project: Ulster Canal Restoration at the crossing between Clonoony, County Monaghan and Derrynure, County Fermanagh

Tick the following prohibition as chosen on the application:

| | |
|---|-------------------------------------|
| (a) Deliberately capture or kill any specimen of the relevant species in the wild | <input type="checkbox"/> |
| (b) Deliberately disturb these species particularly during the period of breeding, rearing, hibernation and migration | <input checked="" type="checkbox"/> |
| (c) Deliberately take or destroy eggs of the relevant species in the wild | <input type="checkbox"/> |
| (d) Damage or destroy a breeding or resting place of such an animal, or | <input type="checkbox"/> |
| (e) Keep, transport, sell, exchange, offer for sale or offer for exchange any specimen of the relevant species taken in the wild, other than those taken legally as referred to in Article 12(2) of the Habitats Directive. | <input type="checkbox"/> |
| | |
| (a) Deliberately pick, collect, cut, uproot or destroy any specimen of these species in the wild, or | <input type="checkbox"/> |
| (b) Keep, transport, sell, exchange, offer for sale or offer for exchange any specimen of these species taken in the wild, other than those taken legally as referred to in Article 13(1)(b) of the Habitats Directive. | <input type="checkbox"/> |

Test 1: A reason(s) listed in Regulation 54 (a)-(e) applies to the proposed activity

i. Tick which reason the applicant claims should be applied to the derogation

| | |
|---|-------------------------------------|
| (a) In the interests of protecting wild flora and fauna and conserving natural habitats, | <input type="checkbox"/> |
| (b) To prevent serious damage, in particular to crops, livestock, forests, fisheries and water and other types of property | <input type="checkbox"/> |
| (c) In the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment, | <input checked="" type="checkbox"/> |
| (d) For the purpose of research and education, of re-populating and re-introducing these species and for the breeding operations necessary for these purposes, including artificial propagation of plants, or | <input type="checkbox"/> |
| (e) To allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species to the extent specified therein, which are referred to in the First Schedule. | <input type="checkbox"/> |

ii. Test 1: Conclusion

Please tick the following where it applies:

| | | |
|--|-----|-------------------------------------|
| There is a valid reason(s) listed in Regulation 54 (a)-(e) which applies to the proposed activity: | Yes | <input checked="" type="checkbox"/> |
| | No | <input type="checkbox"/> |

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion:

The application form and associated documentation provided by the applicant has been reviewed in full. The application relies on regulation 54(2)(c) ‘in the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment’ as the reason chosen for a derogation that they believe applies to the proposed activity.

In the detail provided, it is clear that the applicants are relying on the reasons of public health and public safety aspect of Reason C. As outlined in the accompanying document titled “Derogation Licence letter”, a derogation is required to facilitate proposed works at Kelly’s bridge, Co. Monaghan. Kelly’s bridge forms part of an overall restoration project of the Ulster Canal between Co. Monaghan and Co. Fermanagh.

The objective of the works as outlined in the document is to “ensure the structural integrity” of the bridge which requires repair works. Without these repair works, the bridge will continue to deteriorate posing a health and safety risk to both individual and vehicular traffic. The repair works will also allow for the re-establishment of boat traffic along the canal, which is a key aim of the restoration project.

The applicant has provided evidence as to the nature and scale of the public health and public safety aspect for the proposed works and the proposed activity is necessary to achieve these overall objectives. Based on the above this application has passed Test 1 and can now proceed to Test 2

Test 2: Absence of a satisfactory alternative

Please tick the following where it applies and add a comment below to support the recommendation:

| | | |
|---|-----|-------------------------------------|
| The applicant has provided satisfactory evidence that alternative solutions have been considered and have given reasons why the proposed approach is the only satisfactory alternative: | Yes | <input checked="" type="checkbox"/> |
| | No | <input type="checkbox"/> |

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion (If you wish to add additional conditions please complete pg. 6):

The documentation submitted by the applicant has been reviewed, including the evidence for alternative solutions.

The purpose of the derogation is to allow the following activity to take place: bridge repair works at Kelly’s bridge, Co. Monaghan (IG Ref: H 45347 21884).

The specific situation that needs to be addressed is: ensure structural integrity of the bridge as it will continue to serve as vehicular and pedestrian access

The alternative solutions suggested by the applicant are:

1. “Do-Nothing” scenario: If no repairs are undertaken, the bridge will likely continue to serve as a bat roost. However, the bridge will continue to deteriorate and vegetation will continue to grow, potentially diminishing its value as a roost resource overtime. The bridge will eventually become unsafe for public use

The applicant has provided satisfactory evidence that alternative solutions have clearly been considered. As outlined on page 31 of the accompanying report. A number of alternative solutions, including the “do-nothing alternative” were examined by the applicant but the only viable option appears to be the repair of the structure.

Based on the assessment of the application documentation, it is regarded that the applicant has considered all available alternative solutions and at this time no other alternative solutions are apparent.

Having weighed the possible solutions to solve the applicant’s problem against the effects of a derogation on the species concerned, it is concluded that the application has passed Test 2 and can proceed to Test 3

Upon completion of your assessment, please return this Recommendation to WLU to continue the application process.

Test 3: Impact of a derogation on conservation status of the species

Please tick the following where it applies and add a comment below to support the recommendation:

| | | |
|--|-----|-------------------------------------|
| The derogation would NOT be detrimental to the maintenance of the populations of the species in question at a favourable conservation status in their natural range. | Yes | <input checked="" type="checkbox"/> |
| | No | <input type="checkbox"/> |

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion. (If you wish to add additional conditions please complete pg. 6)

A small Myotis roost (2-4 bats) is present within the bridge in question. This species is widespread and common in Ireland and is in favourable conservation status.

Suitable and proportionate mitigation has been proposed. The mitigation measures ensure that the existing roost remains protected during the works, and will be available for re-use once works have been completed.

Providing these mitigation measures are implemented, I am satisfied that the works will not be detrimental to the maintenance of the populations of the species in question at a favourable conservation status in their natural range

If the answer above is Yes then the derogation may be granted, providing Tests 1 and 2 have also been met.

Upon completion of your assessment, please return this Recommendation to WLU to continue the application process.

Derogation decision

The application for a derogation under Regulation 54 of the European Communities (Birds and Natural Habitats) Regulations, 2011 (S.I. 477 of 2011), as amended, has been assessed by officials in the Department and the following decision has been made:

Tick box where appropriate:

There is no satisfactory alternative

and the derogation is not detrimental to the maintenance of the populations of the species to which the Habitats Directive relates at a favourable conservation status in their natural range.

Therefore, a derogation may be granted to the applicant, since it is—

(a) in the interests of protecting wild fauna and flora and conserving natural habitats

(b) to prevent serious damage, in particular to crops, livestock, forests, fisheries and water and other types of property,

(c) in the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment,

(d) for the purpose of research and education, of repopulating and re-introducing these species and for the breeding operations necessary for these purposes, including the artificial propagation of plants, or

(e) to allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species to the extent specified therein, which are referred to in the First Schedule.

OR This application has been refused as one or more of the conditions set out above have not been met

The following conditions should be attached to the derogation:

- 1.
- 2.
- 3.
- 4.

[add additional conditions where required]
