

**NPWS** An tSeirbhís Páircenna  
Náisiúnta agus Fiadhúlra  
National Parks and Wildlife  
Service

**Application for Derogation  
Under Regulation 54 & 54A of the  
European Communities  
(Birds and Natural Habitats) Regulations  
2011, as amended**

Revision 2.0 – July 2025

- This form can be used by any individual or Company applying for a derogation under Regulation 54 of the European Communities (Birds and Natural Habitats) Regulations 2011 (“the Regulations”) **or** any individual applying on behalf of the Minister for Housing, Local Government and Heritage under Regulation 54(A) of the Regulations.
- Note this application form is not for Domestic Dwelling Derogations (bats within private homes) which can be found here > ([3D Application Form](#))
- Please ensure that you answer questions fully in order to avoid delays and/or your application being rejected on the basis that it does not contain sufficient information and detail for the application to be considered further.
- Please read and familiarise yourself with the [NPWS Guidance on Applications for Regulation 54 Derogations for Annex IV species: Guidance for Applicants](#)
- Please read and familiarise yourself with the [European Commission’s Guidance document on the strict protection of animal species of Community interest under the Habitats Directive](#)
- Please also note that the responses to these questions are supplementary to the documentation required for the NPWS to be in a position to consider your application. A complete application should include both the application form and an associated report. Failure to supply either will result in your application being returned and/or refused.
- In circumstances in which a derogation is given on foot of this application, the Applicant is responsible for ensuring compliance with the conditions of any such derogation, even though they may employ another person to act on their behalf. To carry out any activity without, or not in accordance with, a derogation granted under regulation 54 or 54A of the Regulations constitutes a criminal offence, subject to prosecution.
- If you experience any problems filling in this form, please contact the Wildlife Licensing Unit: [reg54derogations@npws.gov.ie](mailto:reg54derogations@npws.gov.ie)
- Please note – applications, associated reports and derogations will be published on the NPWS website and/or the Department’s Open Data website.
- Where any applicant is applying for a derogation to carry out surveys, please ensure to list all qualified ecologists and trainees under their supervision. See section 1(c) of Part A.

## Part A: The Applicant - Personal Details

These questions relate to the person responsible for any proposed works and who will be the **Applicant**.  
**If this application is being submitted on behalf of a third party, please also complete Part B below.**

### 1. (a) Name of Applicant

Title (Mr/Mrs/Miss/Ms/Dr)	Forename(s)	Surname
Mr	Éamonn	Meskill
(b) Company Name, if applicable	National Parks and Wildlife Service, Killarney National Park	
(c) Address Line 1	Muckross House	
Address Line 2	Killarney National Park	
Town	Killarney	
County	Kerry	
Eircode	None available	
(d) Contact number	[REDACTED]	
(e) Email address	[REDACTED]	
(f) Address where works are to be carried out if different from (b) above.		
Address Line 1	Between Dinis Car Park and Torc (Cardiac Hill) Car Park and N71 Road	
Address Line 2	Torc	
Town	Killarney	
County	Kerry	
Eircode	None available	

### Details of Person Submitting Application on Behalf of Applicant/Derogation Holder

Information relating to the person (e.g. ecologist) responsible for submitting the application on behalf of the applicant should be entered below:

### 1. (b) Name of Person/Ecologist

Title (Mr/Mrs/Miss/Ms/Dr)	Forename(s)	Surname
	Hazel	Dalton
(b) Company Name	Malachy Walsh and Partners, Engineering and Environmental Consultants	
Address Line 1	Reen Point	
Address Line 2	Blennerville	
Town	Tralee	
County	Kerry	
Eircode	V92 X2TK	
(c) Contact number	[REDACTED]	
(d) Email address	[REDACTED]	
(e) Relationship to Applicant	MWP are appointed ecological consultant.	

## Part B: Species covered by the Derogation

1. **Species of Animal:** Please indicate which species is/are the subject of the application:

- Bat
- Otter
- Kerry Slug
- Natterjack Toad
- Dolphin
- Whale
- Turtle
- Porpoise

2. Please detail the exact species (scientific name): Geomalacus maculosus
3. Please provide the maximum number of individuals affected\* not apparent at this stage
4. Please provide the maximum number of breeding or resting sites affected\* not apparent at this stage
5. Please provide the maximum number of eggs to be taken\* N/a
6. Please provide the maximum number of eggs to be destroyed\* N/a

\*If no figures can be provided for the maximum number of individuals, breeding sites, resting places and eggs to be covered by the derogation please provide reasons why.

Baseline surveys have identified low numbers of Kerry slugs (11 no. individuals) within the proposed development site (refer to the Ecological Report which accompanies this application). Until such time as pre-commencement checks for Kerry Slug are completed on site, the number of individuals or breeding/resting sites which may be affected is not known

7. **Species of Plant:** Please indicate which species is/are the subject of the application:

- Killarney Fern
- Slender Naiad
- Marsh Saxifrage

8. If you previously received a derogation for any species of animal or plant, please state derogation number and confirm that you have made a return to NPWS on the numbers actually affected by that derogation.

Derogation Licence (DER-Kerry slug-2025-04), granted 26<sup>th</sup> September 2025. Licence return submitted.

Derogation Licence (DER-BAT-2025-205), granted 21<sup>st</sup> March 2025. Licence return submitted.

Derogation Licence (DER-BAT-2024-134), granted 27<sup>th</sup> June 2024. Licence return submitted.

Derogation Licence (DER/BAT 2024-51), granted 22<sup>nd</sup> February 2024. Licence return submitted.

Wildlife Licence. Licence No. 227/2023, granted 26<sup>th</sup> October 2023. A licence return not requested to date.

Wildlife Licence. Licence No. 215/2022, granted 27<sup>th</sup> September 2022. A licence return not requested to date.

Wildlife Licence. Licence No. 55/2020), granted 11<sup>th</sup> September 2020. Licence return for the 2021/22 period submitted, as requested.

Derogation Licence (DER/BAT 2017-107). Licence return submitted.

Wildlife Licence. Licence No. C116/2016). Licence return submitted.

Wildlife Licence. Licence No. C043/2016). Licence return submitted

- 9. Proposed Dates for Activities:** Please indicate the timeframe that you propose to carry out the activities. Dates set by NPWS may differ from dates proposed here. *A derogation will only be issued with a start and end date within a calendar year.*

Start Date: 2026 (It is expected that the development will  
End Date: commence upon receipt of development  
consent. It is estimated that the duration of the  
build will comprise several phases with a total of  
approximately 8 to 10 months  
2027

## Part C: Nature of the Derogation.

1. Please tick which prohibition(s) the application for a derogation relates to:

<b>Regulation 51</b>	
Deliberately capture or kill any specimen of the relevant species in the wild	<input checked="" type="checkbox"/>
Deliberately disturb these species particularly during the period of breeding, rearing, hibernation and migration	<input checked="" type="checkbox"/>
Deliberately take or destroy eggs of the relevant species in the wild	<input type="checkbox"/>
Damage or destroy a breeding or resting place of such an animal, or	<input checked="" type="checkbox"/>
Keep, transport, sell, exchange, offer for sale or offer for exchange any specimen of the relevant species taken in the wild, other than those taken legally as referred to in Article 12(2) of the Habitats Directive.	<input type="checkbox"/>
<b>Regulation 52</b>	
Deliberately pick, collect, cut, uproot or destroy any specimen of these species in the wild, or	<input type="checkbox"/>
Keep, transport, sell, exchange, offer for sale or offer for exchange any specimen of these species taken in the wild, other than those taken legally as referred to in Article 13(1)(b) of the Habitats Directive.	<input type="checkbox"/>

**Further information should be provided in the format set out in Part E: Template for Supporting Information**

## Part D: Derogation Tests

**Note: The following summary information must be provided by the applicant in all cases, and will be used to determine if a derogation can be provided. Further information must be provided in the format set out in Part E: Template for Supporting Information**

### Test 1: Reason for the Derogation

1. Please tick which reason(s) below explains how this application qualifies under Regulation 54(2)(a-e) or Regulation 54A(2)(a-e) of the European Communities (Birds and Natural Habitats) Regulations: Please provide a summary of how the application meets the 3 conditions required to provide a derogation. Note that in all cases additional information must be provided (see Part E).

- |  |                                     |
|--|-------------------------------------|
| a. In the interests of protecting wild flora and fauna and conserving natural habitats <b>(proceed to 1a)</b>  | <input type="checkbox"/>            |
| b. To prevent serious damage, in particular to crops, livestock, forests, fisheries and water and other types of property <b>(proceed to 1b)</b>   | <input type="checkbox"/>            |
| c. In the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment <b>(proceed to 1c)</b> | <input checked="" type="checkbox"/> |
| d. For the purpose of research and education, of re-populating and re-introducing these species and for the breeding operations necessary for these purposes, including artificial propagation of plants <b>(proceed to 1d)</b>                                    | <input type="checkbox"/>            |
| e. To allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species to the extent specified therein, which are referred to in the First Schedule <b>(proceed to 1e)</b>     | <input type="checkbox"/>            |

**1a.** In the interests of protecting wild flora and fauna and conserving natural habitats:

- i) Please state the wild flora, fauna or habitats that require protection and /or conservation.

- ii) Please summarise how the interests of protection and conservation of the species/habitat concerned justify affecting another species under strict protection.

**1b)** To prevent serious damage, in particular to crops, livestock, forests, fisheries and water and other types of property:

i) Please summarise the nature of the potential damage, why it is considered “serious” and how this outweighs the conservation interest of the species under strict protection.

**1c)** In the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment:

i) Where the reason is for public health and public safety, summarise the evidence provided to support this reason (e.g. documentary evidence of the risk from a chartered structural engineer, tree surgeon, Garda Síochána, qualified health professional etc.)

- Documentary evidence of the risk from MWP Engineering Department appointed as Project Consultants, including commissioned topographical survey.

ii) Where the reason is for “other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment”, summarise the nature of the public interest and how this outweighs the conservation interest of the species under strict protection.

**1d)** For the purpose of research and education, of re-populating and re-introducing these species and for the breeding operations necessary for these purposes, including artificial propagation of plants:

i) Please summarise the objective(s) of the proposed activities making reference to those listed above and how the the purpose of such activities overrides the interests of strict protection of the species. <sup>1</sup>

---

<sup>1</sup> Note that this reason may be appropriate for when research involves surveys that may cause disturbance of species under strict protection. But the sole purpose of the surveys should be for research and education or the other reasons listed above under 1d.

[Empty rectangular box]

**1e)** To allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species to the extent specified therein, which are referred to in the First Schedule

i) Please clearly state the objective of the activity and verify that this reason is being chosen as the objective of the activity does not match reasons a-d listed above.

[Empty rectangular box]

ii) Please summarise how the activity will result in the taking or keeping of limited numbers of specimens of the species, how it will be applied on a selective basis and to a limited extent, and how it will be done under strictly supervised conditions.

[Empty rectangular box]

**Test 2: Absence of Alternative solutions**

**2.** Please summarise the alternative solutions that have been considered and why these solutions are deemed unsatisfactory. This must include the option of the “do-nothing” alternative and evidence should be objective and robust. Note that in all cases further information must be provided in the format set out in Part E: Template for Supporting Information.

Alternative Solution	Reasons for “Unsatisfactory”
Do-Nothing	Continued serious health and safety risk posed to users (walkers/cyclists) of the existing Dinis to Torc looped trail along the busy N71 roadway where the trail route overlaps with the public roadway.
Alternative Route Option A – Route adjacent to the N71 Roadway	Additional width of land required for a shared walkway/cycleway along the N71 carriageway impractical due to extent of road widening and landtake, cut and fill and excavation requirements, environmental impact and financial cost.

<p>Alternative Route Option B – Route along the hillside south of the N71 Roadway</p>	<p>Requirement for overbridges/underpasses at route access and egress locations on the N71.</p> <p>Requirement for substantial cut and fill.</p> <p>Route option would not fulfil universal access requirements.</p>
<p>Alternative Route Option C – Route along lake shore – Floating Deck</p>	<p>Natural fluctuations in water level in Muckcross Lake not suitable to facilitate access and egress ramps from floating deck onto land.</p> <p>Informed by site visit to existing floating deck installation on Acres Lake to assess feasibility of this option (Acres Lake Floating Boardwalk, Co. Leitrim)</p>

\* Please insert additional rows above if needed

### Test 3: Impact of a Derogation on Conservation Status

3. Please summarise the possible impacts on the population of the species that is subject to this application, taking into account all the mitigation and/or compensation measures that are to be undertaken. Evidence that such mitigation has been successful elsewhere should be provided where relevant. Mitigation measures being relied upon must ensure that the derogation will not be detrimental to the maintenance of the populations of the species to which the Habitats Directive relates at a favourable conservation status in their natural range. Note that in all cases further information must be provided in the format set out in Part E: Template for Supporting Information.

Suitable habitat for Kerry slug, comprising moss and lichen covered boulders and trees, may be altered and/or damaged to facilitate the works. Access to and movement within works areas by plant, machinery and construction personnel, temporary stockpiling of construction materials/equipment and construction of temporary compounds also poses a risk of damage/alteration of potential Kerry slug habitat. These aspects of the proposal also have the potential to result in loss/injury/disturbance of Kerry slug specimens, if present at time of works.

Mitigation to be undertaken to avoid/reduce impacts on Kerry slug:

- Appointment of Project Ecologist/Ecological Clerk of Works (ECoW).
- Pre-commencement checks for Kerry slug by appointed Ecologist.
- Translocation of any Kerry slugs identified during pre-commencement checks.
- Kerry slug sensitive approach to works to minimise impacts on Kerry slug habitat.
- Monitoring and reporting on mitigation implemented.

With the implementation of the above measures, potential impacts on Kerry slug or their habitat as a result of the development that is the subject of this application will be avoided or minimised.

## Part E: Template for Supporting Information

This application form should provide a summary of the evidence that the applicant has provided. In all cases, it is necessary to provide separate supporting information so that the assessment of the application can be undertaken in a robust and comprehensive manner. Applicants should refer to guidance provided by the NPWS and the European Commission whilst preparing this application form and the supporting information.

It is essential that supporting information is prepared in a consistent manner using the template below so that NPWS officials assessing the application can locate the relevant evidence to determine if the three Tests can be met. Failure to provide sufficient evidence will result in the application being refused.

The structure of the Supporting Information should be as follows:

- 1) Table of Contents
- 2) Introduction
  - a. Objective of the proposed works (for example, as part of construction of a national road, repair of roofing, undertaking surveys etc.)
  - b. Name, qualifications and relevant experience of scientific staff, including trainees, (e.g. ecologist) involved in the preparation of the application and those responsible for carrying out the proposed activity.
  - c. If this application is for the carrying out of surveys that may cause disturbance, qualifications of all involved must be provided and trainees must be clearly identified.
- 3) Background to proposed activity including location, ownership, type of and need for the proposed activity, planning history, policy context, zoning in relevant Development plan (or equivalent), etc.
- 4) Full details of proposed activity to be covered by the derogation (including a site plan). The site may be inspected by an NPWS representative, so the details given should clearly reflect the extent of the project. This information will be used to compare site conditions with the Method Statement.
- 5) Ecological Survey and site assessment (Not required for applications to carry out surveys)
  - a. Pre-existing information on species at location and environs.
  - b. Status of the species in the local/regional area (relevant to the consideration of the impact on the population at the relevant geographic scale (Test 3))
  - c. Objective(s) of survey
  - d. Description of Surveys Area
  - e. Survey methodology (including evidence as to how the methodology represents best practice and is appropriate to the Objective). Methodology should include survey maps, details of timing, climate, equipment used and identify any uncertainties or difficulties encountered.
  - f. Survey results including raw data, any processed or aggregated data, and negative results as appropriate. Photographs and maps must be provided where site-specific features are referred.
  - g. Population size class assessment.
- 6) Evidence to support the Derogation Tests
  - a. Test 1 - Reason for Derogation:
    - i. There should be a clear explanation as to why a specific reason(s) has been selected in the application form.

- ii. Applicants are advised to read the guidance published by the NPWS '[Guidance on Applications for Regulation 54 Derogations for Annex IV species: Guidance for Applicants](#)' with specific reference to Section 3.1.
  - b. Test 2 - Absence of Alternative Solutions
    - i. Applicants must list the alternatives to the proposed activity that have been considered, including the do-nothing alternatives in a clear and objective manner. A basic requirement is that these alternatives should be compared in terms of their impact on the species subject to strict protection. It should be clear to NPWS officials as to why the chosen approach has been selected.
    - ii. Applicants are advised to read the guidance published by '[Guidance on Applications for Regulation 54 Derogations for Annex IV species: Guidance for Applicants](#)' with specific reference to Section 3.2.
  - c. Test 3 - Impact of a derogation on Conservation Status
    - i. Applicants should include details of the population at the appropriate geographic scale and an evaluation of how the proposed activity will affect the conservation status both before and after mitigation measures have been applied.
    - ii. Full and detailed descriptions of proposed mitigation measures that are relevant to the potential impact on the target species. Evidence that such mitigation has been successful elsewhere should be provided, where available.
    - iii. Applicants are advised to read the guidance published '[Guidance on Applications for Regulation 54 Derogations for Annex IV species: Guidance for Applicants](#)' with specific reference to Section 3.3.
- 7) Monitoring the impacts of the derogations
  - a. Applicants must include details of how they propose to verify whether the derogations have been implemented correctly and whether they achieved their objective, using scientifically based evidence, and, if necessary, how the applicant will take corrective measures where required.
  - b. Applicants should provide details of proposed reports to be submitted to the NPWS including the results of monitoring.
  - c. Applicants are advised to read the guidance published by the European Commission "[Guidance document on the strict protection of animal species of Community interest under the Habitats Directive](#)" with specific reference to Section 3.4.

**Part F. Declaration**

I declare that all of the foregoing particulars are, to the best of my knowledge and belief, true and correct. I understand that the deliberate killing, injuring, capturing or disturbing of protected species, or damage or destruction of their breeding sites or resting places or the deliberate taking or destroying of eggs is an offence without a derogation and that it is a legal requirement to comply with the conditions of any derogation I may be granted following this application. I understand that NPWS may visit to check compliance with a derogation.

Please note that under Regulation 5 of the European Communities (Birds and Natural Habitats) Regulations 2011-2021 an authorised officer may enter and inspect any land or premises for the purposes of performing any of their functions under these Regulations or for obtaining any information which they may require for such purposes.
