Derogation Number
DER-BAT-2025-348

EUROPEAN COMMUNITIES (BIRDS AND NATURAL HABITATS) REGULATIONS, 2011 (S.I. No 477 of 2011)

DEROGATION

Granted under Regulation 54 of the European Communities (Birds and Natural Habitats) Regulations 2011, hereinafter referred to as "the Habitats Regulations".

The Minister for Housing, Local Government & Heritage, in exercise of the powers conferred on him by Regulation 54 of the Habitats Regulations hereby grants to **David Daly** of **ESB, ESB Engineering & Major Projects, 6 Eastgate Avenue, Little Island, County Cork, T45 YW71** a derogation. It is stated that this derogation is issued:

A. In the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment
B. As there is no satisfactory alternative, and the action authorised by this derogation will not be detrimental to the maintenance of the population of **bats** referred to below at a favourable conservation status in their natural range.

This derogation authorises the following:

1. Roost disturbance
2. Actions authorised within the derogation

The derogation is issued in respect of the following **bat species**:

- **Lesser Horseshoe Bat** **Rhinolophus Hipposideros**

Terms and Conditions

1. This derogation is granted solely to allow the activities specified in connection with the works located at **Basement & Transition Room at Ardnacrusha Transformer Building, Ardnacrusha, County Clare** for **David Daly**
2. All activities authorised by this derogation, and all equipment used in connection herewith, shall be carried out, constructed and maintained (as the case may be) so as to avoid unnecessary injury or distress to any species of **BAT**. Anything done other than in accordance with the terms of this derogation may constitute an offence
3. This derogation may be modified or revoked, for stated reasons, at any time.
4. The mitigation measures outlined in the application report (**Lesser horseshoe bat roost, Transformer Building, Ardnacrusha, Co. Clare: Derogation Application Supporting Information)** together with any changes or clarification agreed in correspondence between NPWS and the agent or applicant, are to be carried out. Strict adherence must be paid to all the proposed measures in the application.
5. The actions which this derogation authorise shall be completed between **7th November – 31st December 2025, inclusive.**
6. The works will be supervised by bat ecologist(s): **Tina Aughney**
7. If this derogation addresses works that are subject of a planning application, no such works permitted under this derogation can occur until planning permission is granted.
8. If this derogation expires prior to works permitted under this derogation commencing, a new application must be sought in advance, including the provision of any updated data or reports.
9. This derogation shall be produced for inspection on a request being made on that behalf by a member of An Garda Síochána or an authorised NPWS officer appointed under Regulation 4 of the Habitats Regulations.
10. The local **NPWS District Conservation Officer – David Lyons,** davida.lyons@npws.gov.ie**,** must be contacted prior to the commencement of any activity, and if bats are detected on site during the course of the work, under the terms of this derogation.
11. On completion of the actions which this derogation authorises, all recordings of bat species affected will be made using the standardised Returns form and must be submitted to the NPWS **within four weeks of the expiry date of this derogation**. Included with the Returns form, a report will also be submitted to wildlife.reports@npws.gov.ie detailing results of works and success of mitigation. **Both documents must be submitted to constitute a derogation return.**

For the Minister for Housing, Local Government & Heritage

(an officer authorised by the Minister to sign on his behalf)

07 November 2025

Any query in relation to this derogation should be sent to reg54derogations@npws.gov.ie

Derogation Assessment

Name of Applicant: David Daly
Location/Name of Project: Basement & Transition Room of Transformer Room, Ardnacrusha, County Clare
Tick the following prohibition as chosen on the application:

(a) Deliberately capture or kill any specimen of the relevant species in the wild	☐
(b) Deliberately disturb these species particularly during the period of breeding, rearing, hibernation and migration	☒
(c) Deliberately take or destroy eggs of the relevant species in the wild	☐
(d) Damage or destroy a breeding or resting place of such an animal, or	☐
(e) Keep, transport, sell, exchange, offer for sale or offer for exchange any specimen of the relevant species taken in the wild, other than those taken legally as referred to in Article 12(2) of the Habitats Directive.	☐
(a) Deliberately pick, collect, cut, uproot or destroy any specimen of these species in the wild, or	☐
(b) Keep, transport, sell, exchange, offer for sale or offer for exchange any specimen of these species taken in the wild, other than those taken legally as referred to in Article 13(1)(b) of the Habitats Directive.	☐

Test 1: A reason(s) listed in Regulation 54 (a)-(e) applies to the proposed activity

i. Tick which reason <u>the applicant claims</u> should be applied to the derogation

(a) In the interests of protecting wild flora and fauna and conserving natural habitats,	☐
(b) To prevent serious damage, in particular to crops, livestock, forests, fisheries and water and other types of property	☐
(c) In the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment,	☒
(d) For the purpose of research and education, of re-populating and re-introducing these species and for the breeding operations necessary for these purposes, including artificial propagation of plants, or	☐
(e) To allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species to the extent specified therein, which are referred to in the First Schedule.	☐

ii. Test 1: Conclusion

Please tick the following where it applies:

There is a valid reason(s) listed in Regulation 54 (a)-(e) which applies to the proposed activity:	Yes	☒
	No	☐

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion:

The application form and associated documentation provided by the applicant has been reviewed in full. The application relies on regulation 54(2)(c) '*in the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment*' as the reason chosen for a derogation that they believe applies to the proposed activity.

In the detail provided, it is clear that the applicants are relying on the interests of public health and public safety aspect of reason C. As outlined on page five of the accompanying report the derogation is required to facilitate proposed works at Traffo Building structure within the ESB Ardnacrusha Power Station, Ardnacrusha, Co. Clare noted as a protected structure. Page 38 of the report highlights that the building is in poor condition and requires structural repair works to maintain and prevent any further damage. These Repair works are necessary for the conservation of the structure, otherwise it will fall into further disrepair, thus rendering the structure unsafe.

The applicants have provided evidence as to the nature and scale of the interests of public health and public safety aspect and the proposed activity is necessary to achieve these overall objectives. Based on the above this application has passed Test 1 and can now proceed to Test 2

Test 2: Absence of a satisfactory alternative

Please tick the following where it applies and add a comment below to support the recommendation:

The applicant has provided satisfactory evidence that alternative solutions have been considered and have given reasons why the proposed approach is the only satisfactory alternative:	Yes	☒
	No	☐

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion (If you wish to add additional conditions please complete pg. 6):

The documentation submitted by the applicant has been reviewed, including the evidence for alternative solutions.

The purpose of the derogation is to allow the following activity to take place: Investigative works to create access for Lesser Horseshoe Bats into a basement for hibernation, which will compartmentalise the roosting areas within the building to allow for much needed repair works to a 1920's workshop at Ardnacrusha Power station.

The specific situation that needs to be addressed is the works have the potential to temporarily disturb a colony of roosting Lesser horseshoe Bats.

The alternative solutions suggested by the applicant are:
"1. Do-Nothing" scenario – "T*his will cause the building to deteriorate, which will increase the health and safety concerns, reduce structural integrity of the building which will in return reduce the suitability of the structure as a bat roosting site. The investigative works proposed are positive actions that may lead to increased conservation of the existing bat colony."* - This assessment is accepted. The proposed works are for the purpose of creating a secure hibernaculum for the species while allowing the building to be repaired. If nothing is done the building will eventually deteriorate and the roost will be lost.

Alternative 2 –"*Temporary patch up" – "Patch-up works are not viable due to the size of the building and due to the condition repairs that are now required"* – This assessment is accepted.

The applicant has provided satisfactory evidence that alternative solutions have clearly been considered. As outlined on page 40 of the accompanying report. The applicant has considered 2 alternatives to the proposed option. These are the do nothing alternative and the option of patchwork repairs. Based on the assessment of the application documentation, it is regarded that the applicant has considered all available alternative solutions and at this time, no other alternative solutions are apparent

Upon completion of your assessment, please return this Recommendation to WLU to continue the application process.

Test 3: Impact of a derogation on conservation status of the species

Please tick the following where it applies and add a comment below to support the recommendation:

The derogation would NOT be detrimental to the maintenance of the populations of the species in question at a favourable conservation status in their natural range.	Yes	☒
	No	☐

Please outline your analysis below and state how the applicant has provided evidence to support your conclusion. (If you wish to add additional conditions please complete pg. 6)

The buildings are used by significant numbers of lesser horseshoe bats. This species is currently in unfavourable conservation status. Comprehensive surveys have provided a clear understanding of how and when the buildings are used by the bats. The proposed works will provide more secure, long-term access for the bats to both hibernating and maternity roosting. The works will lead to some temporary disturbance, but with the implementation of the proposed mitigation measures outlined in the report there will be no significant negative impact on the conservation status of the species and the works should help improve the status of the bat in the area.

If the answer above is Yes then the derogation may be granted, providing Tests 1 and 2 have also been met.

Upon completion of your assessment, please return this Recommendation to WLU to continue the application process.

Derogation decision

The application for a derogation under Regulation 54 of the European Communities (Birds and Natural Habitats) Regulations, 2011 (S.I. 477 of 2011), as amended, has been assessed by officials in the Department and the following decision has been made:

Tick box where appropriate:

There is no satisfactory alternative	☒
and the derogation is not detrimental to the maintenance of the populations of the species to which the Habitats Directive relates at a favourable conservation status in their natural range.	☒

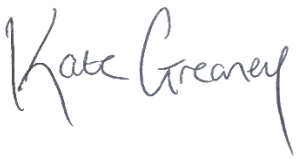
Therefore, a derogation may be granted to the applicant, since it is—

(a) in the interests of protecting wild fauna and flora and conserving natural habitats	☐
(b) to prevent serious damage, in particular to crops, livestock, forests, fisheries and water and other types of property,	☐
(c) in the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment,	☒
(d) for the purpose of research and education, of repopulating and re-introducing these species and for the breeding operations necessary for these purposes, including the artificial propagation of plants, or	☐
(e) to allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species to the extent specified therein, which are referred to in the First Schedule.	☐
OR **This application has been refused as one or more of the conditions set out above have not been met**	☐

The following conditions should be attached to the derogation:

1.
2.
3.
4.

[add additional conditions where required]



Signed: Date: November 7, 2025

Position: Ecologist
