

**Addition of Harbour Porpoise as a new Qualifying Interest
and the addition of an Activity Requiring Consent to

Ireland designates Special Areas of Conservation (SACs) in its inshore and offshore waters to protect marine habitats and species listed on Annex I and Annex II of the 1992 EU Habitats Directive.

The Minister has added Harbour Porpoise as a Qualifying Interest to Gweedore Bay and Islands SAC 001141 in County Donegal.

The addition of Harbour Porpoise as a Qualifying Interest has resulted in an additional activity (ARC 35) being added to the list of Activities Requiring Consent (ARCs) that apply to this site. The Minister has reason to believe that this activity may cause disturbance of and may impact on the conservation status of this species. Therefore, the Minister has issued a new Direction adding ARC 35 to the list of ARCs that apply to this site and has directed that these activities cannot be carried out, caused or permitted to be carried out or continued to be carried out in the SAC, unless it is with the consent of the Minister.

It is an offence to contravene any Direction by carrying out any of the activities within the site unless the activity is carried out with the consent of the Minister or another statutory authority (in practice, such consent should be sought initially from the Department's National Parks and Wildlife Service <https://www.npws.ie/contact-us>).
